

Bruce & Reshma Allen

December 5th, 2010 Sunday pm

(Reshma) I had so much fun in church, totally loved the Lord and His word. Then I graduated from Bible College with a lot of head knowledge. Just read and learned the Bible, but never saw the spiritual side. I never thought I could be a part of seeing heavenly beings, or that I could be visited, or I could be see something about somebody and tell them that would help them. It just never dawned on me. But in the journey I learned a lot, it was the best decision I made in my life to go to Bible College.

Then getting married to Bruce, I cannot hide anything from him; he sees things before they happen. He started talking about all these things, and I'm like, what is he talking about? These things that he's talking about this week-end, singing and going and translation. First if it's in the Bible it's true? Right? He's not making it up. God was very supernatural, Jesus was very supernatural and we see in the Bible all these things happened. God's people doing wonders for His name. They see things in the Bible and I'm like whoa! It belongs to me too! I can do that too, if I'm His child, I should be able to see and hear and grow in God. Not sit there and feel nothing. That's how I felt 8 years ago. Sitting in church and he will be ministering and going to different nations and he will say, did you see that? I'm like, what? Did you hear that? What? Did you feel that? What?! I was just sitting there like a dead person. I loved God, and I worshipped Him, but I never saw anything, never felt anything. Never felt His tangible presence. So I said in my heart, okay, if it's in the Bible it belongs to me so I'd better start asking God for it.

First you have to know, Bible says without knowledge people perish. So when I found out it's in the Bible, if comes down to attitude of your heart. Are you going to believe God for it or not? Are you going to believe God for a little bit and then say oh, it's not going to happen to me. Or it used to happen to me before, but now I don't know what's wrong with me. Because we get a lot of questions like that. So I started asking the Lord, I said, I will see, I will hear, I will sense, I will feel, God will show me things. That's what I started telling myself and believed God.

All of the sudden things just started happening. I started feeling, I started seeing things and will go into places and all the sudden some part of my body will hurt. I'm like, why? It's not me, it's somebody here, I will share it with Bruce. He will say maybe it's a word of knowledge for someone in the service. Or I'll get emotions and as I started speaking out, people would be there that felt that way...and God started healing them. Then I will see flashed of light. I could tell sometimes going into a church the atmosphere in that place. I determined in my heart, if it belongs to me, I don't care how long it takes, I'm not going to listen to my thoughts. If Bible says it, it's there, I will see, I will hear.

Also, being a preacher's wife, people will come up and say, so do you see like him? What do you see? What do you hear? I wasn't going to lie, I'd say I don't see anything, I don't hear anything, I just told the truth. There's no good in lying, God doesn't want us to lie. I said, but I will; I will see and I will hear and I will tell you next time you ask me that I did see and I did hear.

It is very important, never get discouraged. Sometimes we want things and it doesn't happen quick. One thing I learned when I came to this nation, everything is push button! Well, back home I did everything with my hands, spilt wood and all kinds of stuff.

It's going to happen, just determine in your heart, make sure the attitude of your heart is right. Sometimes we get all defeated, I'm so bad, it's not going to happen to me, because of what I've done.

No, that's not true, God wants us to hear and see.

This morning I forgot to tell Pastor Jeph, I had this vivid vision of water; and he'd look at the water was stirred, very much like somebody just stirred the water. Then there was a light, a flame, by the side of the water. That's what I saw in your church. So I believe something is stirring in this valley. The picture had this border around it. This valley is surrounded by these mountains...I believe the Lord is stirring this place up...keep on going, don't lose hope, you will see and you will hear.

It doesn't matter how old you are. Sometimes people have different ideas that as you get up in age, you are good for nothing...that's not true! It's not true! A lot of times we have to stop and shift our thinking. If we are in God He has things in store for us to do. I believe you have been praying. If you can do anything, put somebody's name down, put a Pastor's name and his family, pray for them every day; the Healing Rooms, the ministers that go out, pray for them if you can't do anything else, at least pray. God will start showing you things when you start praying.

I believe it's the prayers of the people that is changing the world. We are seeing it out there in the countries. I've been saying this over and over. Where Christianity wasn't allowed, and the churches weren't allowed to be built. The governments are softening. We are seeing the fruit.

Make sure the attitude of your heart is right; don't let anything discourage you. Just say Father, if your word says it, it is mine. That's the way it is. That helped me. Thank you.

(Bruce)

If I'm not careful, she's going to be a preacher or something! Praise God.

Well I'm going to share tonight about the believer's right, according to scripture, to supernaturally be transported from one geographic region to another.

I started teaching this in 2001, matter of fact, Matthew, where'd you go? He was in Bible college in Spokane, he was one of the first guinea pigs when I started teaching this. I was a little bit green, but God has continued to unfold revelation about this aspect.

When the Lord first challenged me about translation by faith; He has a way of doing this when I'm least prepared to respond. Which is usually early in the morning. I don't care what time I get up, I wake up at the crack of noon after a few cups of coffee.

Anyway, so I'd just begun to wake up and the Holy Spirit clearly asked, can a man be translated by faith? Huh? So I didn't respond, just mulled it over for a few minutes. Started thinking about the 3rd day and 7th day, and said, "yes, I think so, Lord". He said, "good, prepare". I said, "how do I do that?" "I just told you, by faith." "Well, thank You very little, that didn't help" I had never thought of this kind of stuff, I didn't even know where to begin in the Bible.

The next day I got a call for Chip Foster, one of the leaders from the Bible college, saying, "I had a strange dream last night, you were at the school teaching on translation by faith." "Excuse me?" "yeah the morning session, there were only about 12 students at the time, you were teaching on this subject. At the break you said, if you want the rest of this message you have to meet me at such and such place

and you vanished and only 2 or 3 students vanished with you. "Really, do you remember the scriptures I was using?" "Yes, in fact I do", she wrote them down.

Supernatural, so I had a starting point. I began to study and really pursue God in this venue. People thought I was a little bit nuts. You're not on the edge, but beyond the edge where we cannot see you. They were a bit dubious, I can understand this was a new idea, if you will.

So we were doing a conference in Coeur d'Alene at the Gateway, used to be Living Hope with John and Ruth, I happened to share this journey this adventure that God's got me on. So they get up and say, Bruce is going to teach about translation by faith, ughh. God said, 'you're under authority, do as you're told.'

Some of you know Bob Bartow, he does prophetic artwork that's pretty awesome, I had asked him to bring his camera. I thought he was going to catch an angel or something.

Well that night during the first night, during worship, all the sudden I'm caught away in the Spirit above Latvia at night. How do I know it was Latvia? I asked the Lord, He was right there. We started coming down through the clouds, and you would think I'd be a little freak out, but I thought it was cool.

What are visions? Language! God speaks through visions, it's an aspect of His voice. The vision can be so real it's an experience with God. Communication with God is not always verbal only. He just imparts whoosh! We call it words of knowledge and you've got it. even to the extent of having an experience of everything He's describing.

So we came down in an apartment flat in front of door number 212. I stood there and heard a little girl in the back crying. I was compelled, I opened the door, went through the door into the back bedroom. She was kneeling by her bed, she's 8 years old, her name is Natalia. She's Russian, well I don't speak Russian, but it didn't matter. I asked her, what is the matter. She said, 'my daddy and mommy cannot find work, we have no food, we can't pay rent and we're going to be evicted tomorrow. So I prayed with her and encouraged her.

Then I'm back in the conference, I'm up there teaching.

What happened is, I forgot to ask about the pictures, then in June I called and asked about the pictures. The conference was New Years.

He goes, well, that's the problem, I don't know what to do with this. He took a picture and had it tested, tested his camera...I'm transparent, you can see right through me. He didn't know I'd had that experience. I went YEAH!

So the adventure began. As I was sitting one day, mulling this over, I asked God why are you showing this to me?

He said, you're going to be a forerunner and you're going to teach My people how to do this by faith. It's going to be in 2 phases. First you're going to teach people how this is possible; it belongs to them and you'll be caught away in the Spirit. The second thing is that they will be transported across the world.

I said, cool...I think.

What's funny, after that I started getting testimonies from all parts the world of people having these experiences. As Reshma and I would travel and God would say, teach this here, and fear and trembling I'd start and people would come up saying thank you because I've had that experience way back when. The Pastor would be standing there, saying what? Why didn't you tell me? They would say that they were afraid to say anything...time after time where their experiences were documented in news paper accounts.

I was greatly encouraged, I still am, I'll tell you why, because we've shifted into a season now. The second phase

Let me give you the word of God on this. The word of God is truth amen or oh no?

Genesis 5:24 it says and Enoch walked with God and he was not for God took him. There's so much in that, the longer you walk with God, the more of Him, the less of you. That's the way it's supposed to be.

In the Hebrew it says, Enoch pleased God and he was not for God took him.

I like to put it this way, Enoch was always hanging out at God's house until one day God said, just stay here, you're always here anyway. That's intimacy.

Hebrews 11:5 by faith Enoch was translated. I went ahh! It is in the Bible. I don't know how many times I read that but never caught it. By faith Enoch was translated that he should not see death and he was not found because God had translated him. Before his translation he had this testimony that he pleased God. Qualifier: you gotta be pleasing to God.

The word says without faith it's impossible to please God, right? Do you know at the new birth, you were given the measure of faith; you're already pleasing to God. You qualified.

But if you want to be well pleasing to God you've got to activate your faith and do something with it. It's that simple.

So you're positioned for this already, you're pleasing to God. Look at your neighbor and say, you're kidding. No.

Word studies;

Hebrews 11:5 by faith Enoch was transported and changed sides that he would not see death and he was not found because God had transported him. Before his transferal he had this well pleasing and acceptable to God testimony. This sounds almost Biblical.

Colossians 1:13 says He has delivered us from the power of darkness and transferred (conveyed) us into the kingdom of the Son of His love.

So we see a spiritual application where you and I at the new birth were transferred or transported into a new realm of reality that we have access to if learn to engage our senses, exercise our senses to be able to be aware of that.

How many of you have heard of Joshua Mills? Isn't he weird? I like Joshua. He has this testimony, he was ministering in S. Carolina with a group of people in a conference. After that conference they had to get on a plane and go to New Zealand. Well he had a nice ring that his wife gave him that he took off and he remembered taking it off and setting it on the hotel room dresser. When he got on the plane he started thinking, where's my ring? When they got to New Zealand they looked through all his luggage and couldn't find it. He said Father please You've got to bring it back.

He stood up that night to minister and he had an open vision in front of him where he saw his ring in the hotel room where he'd left it, and he saw this hand reach out and take it and tuck it away. He watched as this individual walked all the way back to their home and they took it out and set it on their dresser. As he's standing up in front of the crowd at his new conference he went like this, reached out and grabbed his ring and he had it back.

Come on Jesus.

Well where's that in the word? Watch and see. Again Hebrews 11:6 without faith it's impossible to please Him, but you've been given the measure of faith.

Hebrews 13:16 says, but to do good and communicate forget not for with such sacrifices God is well pleased. So when you communicate your faith by sharing a testimony by praying for somebody, by doing the word, God's well pleased with that. And He understands it's a sacrifice.

Some of you have to sacrifice a little more. Some of you need to be sacrificed...(laughter)

We've got to understand this, this isn't the perview for a select few that have reached the pinnacle of a mystical faith; this belongs to the believer.

Jesus said the works that I do, you can do also, not the works that I did.

It's a continual present tense. To God it's still happening. What I do, you can do. That's important, you've got to gain that insight and revelation. We need to look at the marvel of Christ's life and see the works that He did and understand the standard He set for us. The standard He set was the standard we aim for and attain to. But, you know what? 1 John 4:17 says as He IS so are we in this world. He did everything on this earth; He suffered and died, and is seated at the right hand of God in glory. So now the Holy Spirit has a model from which He can say, okay, that's what the believer looks like. He changed us and He creates us and then He mentions that as He is so are you right now.

We keep trying to think about living how He WAS. But as He is right now, so are you. That ought to just blow our paradigm. Small explosion in some cases.

Look at the word and start believing what He says. I know that throws a religious spirits into a big tizzy, but I love doing that. Because the word of God is truth. Tradition will kill the word of God and keep us out of the kingdom. The word of God will open the door and allow us to walk through.

Now, let me give you some examples from scripture of this type of transportation that God has done from 4 or 5 thousand years ago.

1 Kings 18:7 and as Obadiah was in the way...I like that I could preach about being in the way...behold Elijah met him and he knew him. (You get this for your son, Elijah)

and he fell on his face and said are you my lord, Elijah?,

he answered I am and he said go tell your lord behold that Elijah is here.

Obadiah said, what have I sinned that you would deliver your servant into the hand of Ahab to slay me? As the Lord your God lives there is no nation or kingdom where my lord has not sent to seek you. And when they said he is not here, he took an oath of that kingdom or that nation when they found him not.

He had a price on his head and Obadiah is terrified that if he goes and said he's here, and he doesn't stay there, well he's in trouble.

This is why,

Vs 12 and it shall come to pass as soon as I am gone from you that the Spirit of the Lord shall carry you where I know not. In the Hebrew, clap hands, I'm gone! Translation...

They recognized that Elijah walked in this on a consistent basis.

Ooh, I like that, frequent flier!

Your son is going to do that. (to Jeph)

Then we see another instance that's a little bit different; it's Elijah in a chariot of fire; both of these are physical.

2 Kings 2:11 says, it came to pass as they went on and talked that behold there appeared a chariot of fire and horses of fire and parted them both asunder. And Elijah went up by a whirlwind into heaven; and Elisha saw it and he cried, my father, my father, the chariot of Israel and the horsemen thereof and he saw them no more.

Just on the side, part of what God has done in the process of me studying this, teaching this and this began in Coeur d'Alene again, with John and Ruth, I saw a chariot of fire come in the room. Now how ya gonna tell somebody that? Twilight Zone music.

But you know we have a relationship, I'm just going to be honest, whether it's received or not, it's the word. You are responsible for anything you hear to go back to the word and study it. I want to encourage you don't believe me because I say it, go to the word and study it for yourself. When you get the revelation, nothing going to stop you.

So we saw a chariot of fire come in the room; I'd never seen anything like that. I said, Father what are You saying? Visions are what?...language.

Get that in your heart! So I said, Father, what are You saying?

He said, put 2 chairs where you see the chariot...

Now I went, oh boy!...

I said, John, we're supposed to be out of the box..

He said, oh yeah,

I said, okay...ushers, put 2 chairs there.

Okay, Lord now what?

He said, have John and Ruth sit there.

I went, 'oh! Man.'

I said, John, out of the box?

He said, yeah!

Okay, you and Ruth are supposed to sit there.

He said afterwards as he was walking down there, he was wondering what I was doing.

I would have said I have no idea.

But I was explaining what I was seeing...

They sat down, and the Lord said, now pray and activate; so I prayed and released and immediately for an hour they were caught away in the Spirit. We still saw them.

When I knew in my spirit that it was done, I handed them the mic and said, tell us what happened.

He was weeping, and couldn't talk, he said it was too much and he couldn't talk. But later in the week he began to share what he'd experienced.

After they were done, I said, okay, Father, now what?

He said to get this other couple to sit there; about that time I'm throwing a fit saying, well, what about me?

As soon as this other couple sat down she said she heard 10, 9, 8, 7...when it got to 0 instantly she was instantly in Paradise talking to the old saints, talking with Jesus, visited David; it messed her up. For an hour!

I said, wow! See first the spiritual, He said I'm gonna do it to 2 phases, I'm going to release people into those experiences so they'll begin to walk in the realm of the Spirit and understand the reality of the realm of the Spirit.

I said, okay, eventually I did get to go and I'll share that later.

We have examples here; Ezekiel 8:1-3 this pretty much says God took Ezekiel by the lock of his head and pulled him right out the top of his head. I've felt like doing that a few times. But he was caught away in the Spirit.

Do you know what the New Age calls it? Astroprojection. Stay away from that it's of the devil...no, it's right here in the word, the devil didn't invent anything, he stole it; it belongs to us, let's take it back.

Ezekiel 11:1 says the same thing, the Spirit brought me up into the Lord's house.

There's somebody in this room right now, that just like Ezekiel, God is going to take you into the very courtrooms in foreign dignitaries nations, and you're going to hear as they're laying out strategies as they're trying to destroy America and other nations; and God is going to reveal it to you. Just like in Ezekiel's time, the kings failed every time they tried to come against the nation because Ezekiel was there. God's about to do that with somebody in here. Don't ask for that, it's a heavy mantle.

Now Act 8:39 Philip Airlines! It says now when they came up out of the...I love this story of Philip, he's my hero in the Bible. You know why? Because Philip was holding a crusade in Samaria, the greatest revival in history at that time, the whole city was saved because the city was filled with joy. In the middle of this, God says okay, leave. Most Christians today would say whoa, whoa, whoa! I'm just starting to write the book, we're going to be on God TV, I've got T-shirts and tapes. He said, yes, Sir! He called the apostles and said, here you go, I'm outta here.

Do you know why he left, because God said I've got a man that needs Me.

The greatest revival and he for one; I love that guy. It's not about who he is, it's about who God is.

Then on the journey down to the wilderness, an angel meets him, he'd never had that experience if he wasn't obedient. Then he baptizes this Ethiopian eunuch, then instantly he's carried away 28 miles away to Azodis.

Philip airlines, supernatural.

I said, God there's a lot of this in the word.

He said, yes, keep going.

How about Jesus in mass transit? John 6:15 when Jesus perceived when they were about to come take Him by force make Him king, He departed to a mountain by Himself alone. Now when evening came, the disciples went down to the sea, got into the boat and went over the sea towards Capernaum.

Remember I've been sharing all weekend, the seas can speak of the nations, boats speak of ministry; the darkness speaks of the end of the age?

So, His disciples went down to the sea, out to the nations, got into their ministry got over the sea towards Capernaum, and it was dark. And Jesus did not come to them. Then the sea arose because a great wind was growing, upheaval at the end of the age. When they had rowed about 3 – 4 miles they saw Jesus walking on the sea and drawing near the boat and they were afraid. But He said to them, it is I do not be afraid.

So they had visitation, revelation, and then activation.

What was the activation? When they realized it was Jesus they invited Him into the boat. At this point, if you study this out, they are halfway across the lake, if you study this out, immediately they were at the shore.

Let me tell you my first experience other than that conference.

Physically.

I was driving. I had been studying this for about 6 -9 months, praying, studying the word , and realizing this is reality.

I was with my friend, John in Edmonds Washington, right on the shore there where I grew up.

We're driving back to Spokane from that point there it's about 5 ½ - 6 hours unless you're in traffic then it's longer, or if you're speeding you can do it a little bit less. His car couldn't do it that fast, trust me.

We said, let's just pray; we grabbed hands and said, Father, we're ready for our first lesson, please release us to this.

We started out, put in worship music and worshipped the whole way. Stopped in Ellensburg for lunch, put in gas. We made it to Spokane in less than 2 hours.

I said, now wait a minute, I'm expecting something instant and You do this. This didn't even make sense to me. How does that work?

He said, when you were in school what did you learn the shortest distance between point A and point B?
I said, a straight line.

He said, yeah, unless you're God. He said actually the shortest distance between 2 points is...being there.

Oh! Man! So, guess what I started doing? I started studying physics and little bit more. That's how I got to meet Dr. Vancouvering.

I want to tell you something, we have fun...we have fun.

But I pondered that now for months, I was just studying the word, studying quantum physics, how this could be.

Do you know what God showed me? He said look, this is a poor example because it doesn't even begin to explain it. but let's say this room is the expanse of eternity. In eternity where God is, God decides to do something so He speaks and creates the heaven and earth, all of the known universe. He spoke and there it was...so how far away is the 3rd heaven? ...right here! Because we're IN IT!

We always get this concept of being up; there is a reason for that because His ways are higher than our ways; but the truth is He's right here! We're in eternity and eternity is in us. We're in an aspect of it that's called the natural realm, that's surrounded by this 3rd heaven.

Oh! So why is it so difficult then to go from point A to point B that quick? It's not. I went, oh, that's cool!

He said, yeah you haven't seen anything yet.

Still with me?somewhere. (laughing) well come back into the room, we're here.

I just kept pondering and praying and studying and reading physics.

I met Dr. Vancouvering who shared some things that were exciting.

He said, oh yeah, that's doable, I believe that in a heartbeat.

Do you know what he's working on right now?

Matter has memory, you know a hard disc in a computer is a piece of metal right? But it has memory, it can be erased and be formatted. He said, matter has memory, everything that has ever been said or done in this room has been recorded video and audio in this material. He said, I'm right on the verge of being able to extract that.

I went, oh! That's scary. Well any hard disc can be erased, how do we erase that?

He said, the blood of Jesus.

Whew!!!

So before he comes to my house, we pray! (laughter)

Some more of the blood, swoosh swoosh!

Then we see that Peter expressway. Physically. The majority of these were physical. When Peter was in prison, and it says, behold an angel of the Lord stood by him, visitation. And a light shown in the prison, which speaks of revelation and he struck Peter on the side and caused him to rise up. God's striking a lot of people on the side nowadays, and He's causing us to rise up.

He said to him, arise quickly and his chains fell off his hands.

You see it's in response to the revelation that comes that you're liberated to the reality of God.

Then the angel said to him, gird yourself, tie your sandals on, the preparation of the gospel of peace; so he did, and he said, put on your garment, your mantle and follow me.

He led him through the prison, he's thinking this is a dream, cause this is way outside of anything I've ever experienced. And he walks out of the prison and finally when he's standing out there by himself and the angel is lifting off; he goes, oh! I guess this is real.

See, visions can be like that. You're thinking you're just in lala land and all the sudden you're going oh! That is real, they are that tangible.

I shared the experience the other night of the muslin young lady who had the same experience. She was taken out of the prison supernaturally, the door was opened, walked out the front door and left. These things are happening today.

So we have Biblical precedents for this type of physical manifestation.

The question then becomes...well, if they did it, how do we do it?

We were just with Sid Roth, we were blessed to be able to do another show with him, we actually did the radio broadcast first when we were in Savannah, we drove over and did it. At lunch, he said, I got a question, he said can you have a translation experience at some time and not even realize it?

I said, all the time...all the time. I've heard of many testimonies of people that I know and people that I've never met that...well I was dreaming I was I this place, I felt a little tired and a little sore, but thought it was just a dream or a bad night of sleep. Then I get a phone call saying thanks for coming...many testimonies like that. I said, I wasn't there, they said, yes you were, you were wearing this and this, they go looking in their closet and there's mud on their shoes! Time and time again.

So he was asking this, and he said I had the strangest experience, I was just down in Mobile Alabama with John Kilpatrick, they're in revival again, do you know that?! Oh, it's cool. So he said, I got to the desk of the hotel and I was telling the young lady behind the desk; oh you've got to go down there, God's really moving on this night; she said, yes, you've told me that before. He said, I've never been here before. She said, isn't your name...,yes,...and aren't you from...,yes...and you were wearing the

same thing 2 weeks ago when you were here. He turned to his assistant and said, have I ever been here before? He said no. she said I was standing right here at this desk when you told me this. He went away going ???

So we had this discussion....this is happening...it's fun.

Then his assistant, Jamie Duval, she got so excited she came up and said, Man, I have been waiting for years for somebody to come out and confirm it, because I've had this experience and I couldn't tell anybody.

Still with me? Or did I leave you back on????

Well that's good, you're going to catch up real quick now...supernaturally.

Then we have the experience of Paul; II Cor 12;1-4 I knew a man in Christ whether in the body, or out of the body, I can't even tell who was caught up into the 3rd heaven who saw things that are not even lawful to speak of.

Let's change that, because that word, lawful, doesn't mean against Torah or against of the Law of God. It means I have no vocabulary to express what I experienced. That's what it means in the Greek.

And I can attest that's truth; there's just no way to express some of these things.

All throughout the Bible, and I didn't even cover all of them, it's in the word...it's in the word.

Therefore, because God is no respecter of persons...say thank You, God, and Jesus said what He did, we can do, and He's the word, then we're positioned for this. What we have to do is...even if we don't have understanding of how it works, just agree with the word of God....Father, I agree!

Let'r rip!

Well, about a year and a half after that car experience, after I was digesting and talking and praying, and I was up in my office one day just praising God and praying and I said, You know what, Lord? I think I'm ready for my next lesson...whoosh!

I'm standing in the stars. What are visions? Language.

Well then, you know what's fun, there's no fear in this, I'm just...I'm like...wow! Cool, dude!

As a child age 12, I wanted to be a fighter pilot/ astronaut. I knew everything about every aircraft that had been made at the time. I could tell you every component about Apollo space craft. I was that passionate, but I was told I had color blindness so I couldn't do any of that.

So here I am, standing up and the first thing that came into my mind, Oh God send the shuttle by so I can say ha, ha, made it!!! Just let me tag it...Bruce was here!!!

And then when I looked around I didn't see the earth, but you know what? I was hearing all of creation proclaim the glory of God...that was amazing!

Then I saw a movement out of the corner of my eye, I looked, there was a doorway...it was parallel and I couldn't tell how close it was; the Lord said, Go ahead, well I know when God speaks, do something by faith, so I went like this, swoosh, I stepped through the door, and I was in an office about this size, empty, had grey carpet and there was even electricians tape where the desk had been laid out. I looked out the front window there was a grey marble façade building there with tinted windows with black marble façade, a street here and here. Bright sun shining, early in the morning, I knew exactly where I was! I was in Sidney Australia! I went, oh man, God I always wanted to come here, I started heading for the door, He said, go back, that was your lesson. I turned around and the only door was the bathroom. So I stepped through the bathroom door, I was back in my room. I didn't share that for a year. I went, I am NOT telling anybody that.

You know we were just in Sidney last year, we drove all over looking for that building, because I've been taken there twice, once inside and once outside. It's fun. There's somebody in there now, so He didn't let me in, He wouldn't break the law, ya know? (laughter)

This is such an adventure in God. Christianity is not boring...religion will bore you to tears. It'll drive you to drink! (laughter....hopefully of the Living Water. Being a true Christian is an adventure, it's fun! And when you come at this with the aspect of childlike excitement and faith...yea! God! I want that too!!! Guess what? God begins to release to you. I was always encouraged as a young one. I got saved at 14, I had great encouragement, brother, God doesn't do that anymore...yea, but...no. no. no. I read about the gifts of the Spirit, oh man!!! I want ALL of those...no, brother, He doesn't do that. One of two, several as the Holy Spirit wills, He lives in me! It's all there! Oh, no. I learned to shut up! That was a good message. I learned to just be quiet and not share what the desire of my heart in God was. Because God wired me differently, I used to read the Bible, about Enoch and said...next in line, God! You're no respecter of persons. Solomon, yes sir! All the way through, every Patriarch, I said, I want that, I want that, I want that....brother, you can't have that...YES I can, because He's in me...and all of that is in me! So how do I release it? by faith...I said, yes Sir. So I just started pursuing God.

Now let me give you another scripture; this ought to provoke you.

Jeremiah 6:16 says, This saith the Lord, stand in the ways...the ways, not the way...and see and ask for the old paths where is the good way and walk therein and you shall find rest for your souls. But they said, we'll not walk there.

Now I knew because the scriptures that Chip had given me, one of them had to do with paths, pathways, doors, gates, gateways, window. And as I did this word searches on these things, I began to discover something. So I knew this was speaking of this process of translation, but I didn't understand it until I did a lot of research in the Hebrew and Aramaic. Let me give you a translation that is accurate. It says, this is what the Lord says, stand at the road less trodden and discern. Earnestly desire the properly concealed vanishing point which is eternal and perpetual, ask where the road less trodden is and journey and vanish in it and you'll find rest for your souls.

(Someone asked to repeat that.)

You can get that in the book in January. Or on the CD here, but I'll say it one more time.

This is what the Lord says; the first thing you have to do is stand...having done all, stand.

Where do we stand? At the road less trodden...what's that road? The road of faith. And discern, so we have to learn how to discern. Earnestly, there's the passion, earnestly desire the properly concealed vanishing point which is eternal and perpetual; ask, you have not because you...ask not...ask where the road less trodden is and journey and vanish in it and you'll find rest for your souls. And they still said, no, we're not going to do that. That's the majority of the church.

I've never been in the majority. I'm ready.

I got really excited, I said, Father, this is amazing.

He said, yeah, there's more.

We were ministering up in Canada and one of the apostolic voices in Canada happened to come by the house we were staying at that night. We shared dinner. I had just finished reading the book of Isaiah, and he said, I don't know why the Lord said go back and study the book of Isaiah there's a key in there for you...I said okay, I just did that. So being obedient...a couple months later...(laughter)...God doesn't equate time the way we do...

I opened the book and started studying, and I came to Isaiah chapter 6. In the year that King Uzziah died, I saw the Lord, high and lifted up. I shared this other day about pride dying. But at the end of that, because he has access to the throne room of God, the Lord asked a question; who shall I send and who will journey and vanish for us? (the Hebrew word ulack)

He's standing in heaven going, looking around, here am I God, send me, the Lord said, okay journey and vanish and tell these people...I went, wow! So I started doing a word study on the Hebrew word ulack, which means to journey and vanish. That will blow what little bit of your mind you have left. It's astounding because consistently thought the word of God it means to journey, to vanish, to walk, when He says journey and vanish it means all of Him and none of you.

It means to go on a journey in Christ or in God; it can speak of walking this faith, but it can mean instant, too. Whoosh, you're there. Journey and vanish.

When used in context of what God speaks through Jesus or to Jesus it's instant.

Journey and vanish, from one realm to another.

As a matter of fact, when God created Adam in the Garden, He put him in the garden of Eden, Adam had access to the 3rd heaven in the natural world consistently, that was normal relational intimacy with God until sin. He couldn't do that anymore. But in Christ we've been brought back into that relationship

where we can now traverse the dimensional barrier, or whatever you want to call it, and we have access to the realm of the spirit just as we do the natural and we can step through and negate the natural laws of physics and do the supernatural truth of God. Still with me?

Is Jesus hindered by the speed of light?

Is Jesus hindered by solid matter and He can't walk through walls?

You're IN Christ!

I don't know how much simpler that can be.

As He IS, so are you.

Just start believing God, look at God...I believe You.

There's a Pastor outside of Moscow, where after the wall came down, he started 3 churches. The churches were hundreds of kilometers apart. And that Pastor preaches in all three of those churches every single Sunday.

He will preach the first service in the first church, go into his office, transport into the next church, come out of the office, preach there, do his ministry, step into the office, go to the 3rd church and at the end of that come home...every Sunday.

God doesn't do that! Well, He does there!

When I was in Oklahoma City in 2001 over New Years, I went to the museum there that talked about the history about the native people there, the Cherokee. While I was in there I read part of the history that just astounded me. It said that when the first missionaries came through the Midwest and tried to evangelize the Cherokee nation, the Cherokee began to preach the Gospel to them.

They said, what? Where did you get that? They said, well the purple lady.

What happened was for 40 years, a woman from London who would dress in a purple dress and purple bonnet transported back and forth and taught them the Gospel.

That was in the museum. It belongs in the here and now.

This is all over... why don't they report that? Because they don't understand it.

And the church won't believe it so we don't model it the way we should. But the hour is upon us.

Now, Isaiah 58: this was given to us supernaturally. When we were ministering in Belfast, and they had invited us over to come do a conference because they want to be provoked to move into the supernatural. I had to laugh, if I'm the guy. So the second night, here's this short gentleman in sweats. He looked like Rocky Balboa incarnate, he's ready, and I'm thinking, oh man, what's going to happen now, we're in northern Belfast. He looked like he was ready for a fight. We get out of the car and said,

Reshma just walk behind me, I don't know why, but do it anyway. We walked up he said, I got something for you, and he handed us an offering. I went oh, well that's cool; and I have a prophetic word for you, he handed me a piece of paper that had Isaiah 58:12 on it.

I said, okay, thank you.

I read it and I knew it had something to do with translation, but I tucked it in my Bible because we were going in. this was September. Then I didn't look at it again, I forgot about it until New Year; I'm studying and praying and the Lord said, look at the verse.

This is what it said, they that shall be of you, shall build the old waist places, you shall raise up the foundation of many generations and you should be called the repairer of the breach, the restorer of paths to dwell in.

This is what it means: remember the Lord said you're going to be a forerunner and teach My people how to do this my faith, who will in turn teach others until we all come to the unity of the understanding and the faith. They that be of you shall build the properly concealed vanishing points. I went...I'm in! You shall raise up the foundations of many generations for generations the church has refused to even accept this as a possibility.

???name/// in 1632 a Catholic monk in Peru or Chili, I think Chili, Marin de Pores...was so passionate about God...now I know, we can get into all sorts of goop, but there were people that loved God. Even in the dark ages. That they would come often times to his cell, where he stayed and he would be so lost in worship of God he would be floating in the air.

Or they would come to the cell, they'd see him walk in and begin to pray and worship God, they opened the door, he wasn't there. He was gone.

He was called the flying brother, because literally there was one time there were 30 monks trying to pull a bell and set it up in the bell tower; and began to struggle it started to fall, he flew up, grabbed it and set it in there.

This is historical fact, well, that must be the devil...of course...because our God can't do that. (laughter)

Where does it say in the Bible people could fly? Well, did Jesus get caught up into the air? Oh!

And as He is, so are we....and what He did....oh, I kind of like that.

What about chariot of fire? Hmmm?

Now I'm not saying that all the experiences in history were God. I studied that man's life, I want to tell you that was God.

I like that.

Should we go have coffee in Paris?

Actually, I'm kind of leaning towards Australia where it's summer. I hear they got a lot of snow in Paris right now.

Now, how do we get there? The first thing is humility; Isaiah 6, I shared it the other day, in the year that pride died, I saw the Lord, I had access to His throne room, from there when He asked the question to journey and vanish I could respond.

So we've got to deal with the pride in our lives; the second thing is we've got to have a servant's heart. I shared it the other night when I talked about the character of the bride; servant's heart.

By the way, that's where I shared with you, it's the bride that's going to walk in this, because they asked her 2 times at the beginning and 2 times at the end, are you willing to journey and vanish with the Holy Spirit. She responded I'm willing to journey and vanish. It was the bride of Christ who had qualified that now had access to the supernatural mode of transportation. Still with me? A wee bit....yeah

Let me give you a couple of definitions from scripture:

A door speaks of a portal or entrance, it symbolizes lateral transition and entrance or access. Remember Isaiah 6, it talks about the post in the door, it was a portal that opened up from one realm to another.

So often times when you started in scripture and it talks about doorways or portals, there is another significant meaning if you begin to study some of this out. Not in every instance, but you look at this and you beginning to see something that possibly you've never seen before.

Another one in gate or gateway, it speaks of the leaf or wing of a folding entrance, it symbolizes the doorway or portal that allows entrance between entrance between God's visible and invisible realms. That's the definition from scripture.

So when it talks about gates or gateways...do you know why the elders of the city were to sit in the gates of the city? Because it was an access point to the realm of the spirit and the natural where they could receive insight and revelation from God. They could traverse that and access the needs that they had for the people they could go to God continually. You study that out, with this understanding. That will change your understanding of the word of God...

But what did they do? They corrupted it, they perverted it with religion, traditions, flesh, all these things, it became demonized and that's what allowed access to the wrong spirit.

God says, we're going to restore the properly concealed vanishing points.

Intercessors, you're KEY in this. That's why this is going to be a thin place...it already is...this will be a launching pad all over the world. This region. As you continue to press in to God.

That's why it says this way; lift up your heads oh you gates; and be lifted up you everlasting doors, and the King of Glory shall come in. Ps 24:7 Little bit different meaning now, isn't it?

How about this? He commanded the clouds above and opened the doors of heaven. Ps 78:23.

Or Prov. 8:34 blessed is the man who listens to me watching daily at My gates, waiting at the posts of My door. The properly concealed vanishing point.

This is all over the Bible it belongs to us!

John 1:51 Most assuredly I say to you, hereafter you shall see the angels of God ascending and descending upon the sons of man. The doorway, I could go on and on, it's all over the Bible it belongs to us...it belongs to us.

So how do we get from where we're at to where we're supposed to be?

You believe God.

It's that! You just...okay, God, I see it in Your word. Reshma shared her testimony, I see it's in Your word, I will...it's mine...it's that simple. It's that difficult. Because we want it instantly. And you know there's nothing stopping you from having it instantly, but your belief.

This Rosh Hashanah I shared in the Healing Rooms yesterday; when I had the visitation from the Lord. One of the things He did is I saw a portal or doorway open in front of me, but there was a huge gothic looking lock. And a year previous to that in another visitation I had an angel put a key ring on my with 2 keys. Now remember visions are language, God was speaking, so for a year, I'm saying God, what are You saying? What does that mean?

It was funny, I can feel it, every time I'd drop my hand, the keys would drop in my hand; He kept reminding me, so I kept saying, Father, what are You saying? This year when I saw that vision He said take one of the keys and open the lock. When I did that, it fell down, He said, the portals are now open.

Physical translocation. I said YESSS!!!

Let's do this God! Let's do this!

So, again, I was sharing with Sid Roth when we were taping this show, because we were talking about this. I said, you know, Sid, I couldn't sleep the whole night before, I was up until 3 or 3:30 in the morning. But I had a vision and Sid had spent a couple months in Israel, he's Israeli as well as American. He had an apartment there, and I saw the apartment and saw across the street from the apartment this little mall that had restaurants and stuff. During the break I told him what I saw and asked if it was right. He said yes, that's exactly right. I said, here's what I've been praying, because we're discussing this, I'm praying that there will be an activation and we'll be able to demonstrate this.

He said, okay. So he got up and said, after the next break Bruce is going to demonstrate this for us!

I went...what are you doing?! That's what I'm believing for.

He had that Cheshire grin and said, well, let's see what happens.

I thought oh no!

He said, look just show them how to step into this by faith.

I said, okay. They started recording again,

and he said, Bruce, demonstrate, how does this work...praying in tongues...

I said, okay, give me your hand, let's pray. And as I began to praise, and say Father we just in response to what you showed us we agree together that we're going to have this experience. All the sudden I'm seeing the man behind the counter in the coffee shop. The anointing hit us, Sid was going...I mean God was there, and then after the prayer was done and all that, we're back.

I said, well what happened, Sid?

He said, nothing.

I said, well look, this man...

He said, oh yeah, that guy.

The producer comes out from the control room and says, I just got a strange phone call from Jerusalem, this guy says somebody named Bruce ordered a coffee and it's sitting there, and he left his credit card. (laughter)

I said, what kind of coffee?

He said, a cappuccino

I said, oh well that wasn't me, I like latte.

He was being funny.

But that's all we do, we step out by faith.

Reshma and I practice this all the time. Come here, let's go somewhere. We do this, her nephew just had a wedding, she didn't get to go. So we would do this, Father in the name of Jesus, by faith we're going to go visit Sheneid. (stepped forward holding hands side by side) and we practice.

Did you see that, that was fun...no. (laughter)

But DO SOMETHING by faith...well, that looks ridiculous, I don't care what it looks like.

Every time we travel some place, we lay hands on the car and say Father, we're believing for activation to be there immediately. Just DO SOMETHING.

We have more and more experiences. They're increasing. That's how you do this.

I want to pray a prayer of activation over you. Listen, I've given you scripture, you've got the word, it will be in our book, on the CD. Not these books, the one coming out in January. The point is you start somewhere, do something by faith in the word of God so you begin to engage and activate. Be consistent in that persevering faith. Don't just try once and give up saying that doesn't work, it's ridiculous. Well, you know what? It won't work for you if you feel that way, I agree.

But if you're consistent you're going to start walking in these ancient paths, the properly concealed vanishing point. You'll start being effective in a way you never thought you could. How do you think the final harvest is going to be reaped? There's got to be an acceleration, as I shared statistically that if only a million people a month get saved, that's going to take forever but the final harvest is going to be quick. We're going to be mobilized by the Spirit of God instantly around the world. Boom! Have a crusade, come back and God can compress time.

He did it when I drove 2 hours, I don't know how that worked. But I want to tell you something; this is the most exciting time to be a Christian.

This is a phenomenal time, don't believe what you've heard just because I've said it. Go to the word of God and study for yourself. Prove the word, test it, be a Barian. But if the word is consistent and true then you'd better believe God.

Let's stand

Father, I thank You, right now for these people of faith. Lord as I have endeavored to implant the word of God and give them revelation according to Your Spirit, I ask that You take that seed of Your word and You begin to put it in the good soil of their hearts and water it and bring forth a harvest. And Father, I pray right now, activate them now, into this revelation that they begin to have these experiences both spiritually and physically and begin to be effective at the end of the age. And fulfill their calling and destiny in God and to bring glory into Your heart.

Release them to this, Father, and Lord, teach them to do it in secret so that they don't begin to build themselves up in the sight in the sight of man because that will cut it off immediately.

Bless them in their doing, bless them in their step of faith Father, and continue the increase in them each time they take a step of faith. I thank You for it in the name of Jesus. Amen.

By the Spirit of God I'm going to tell you by the end of 2011, there are going to be quite a few of you in here that are going to have testimonies of the reality of this. Thank You, Father, release them to it, Father, release them to it; and listen to the children...don't just poo poo that and say well that's just your imagination...listen to the children. Because often times what they have is directly from God and the experiences they share are of God. And if they're not, God will warn you to cut it off; but I'm telling you they're going to start having supernatural experiences. Thank You for it, Father, thank You for it Father. That's right, this message, Lord just told me this.

I had a prophetic word yesterday about the First Nations people in this area, the Nez Perce. I don't know anything about this tribe or anything. There's going to walk in this. This is their heritage, this is something they understood quite well, and it was crushed under the weight of "Christianity"

Religion is the better term. But God is going to release them to the truth of this. Thank You for it Father. Yeah! Amen.

Sit down for once, if anybody has any questions, any questions going once...going twice...there's one.

Answer: it can be either, Ezekiel and Paul were taken out of their bodies, many saints of old were; if it's not under the purview of the Sprit of God it can be of the darkness, so you have to be able to discern the difference and understand what's operating. But don't be afraid of an experience. Here's the truth, if it was not God, and you had an experience, you've just learned how the enemy operates and what it looks like, feels like, tastes like, smells like, but the reality is God does this.

Answer: Moses in reserve? What do you mean? Ummmm.....not really, the word teaches us that we're going to leave this tent, this body at some point. But Moses had spent so much time in the manifest presence, the glory of God that the natural process of death, decay, and corruption in the mortal body was abated to a certain extent. So it wouldn't decay at the normal rate of the human body, that's why Adam, when he came out of Eden. They had lived almost 1000 years because they had been saturated with the glory of God. So whether that what you said is true or not, I don't know but, no he's (Moses) with God, he's not going to come back to a decrepit old human body, but God's going to do something in this hour that we're going to understand that a lot better. That's a good thought, I like that.

I haven't read much of the Apocrypha, I'll have to read that. That's extra Biblical, it might have some insight and truth, but stick with the Bible. I don't know about that one (Bell and the Dragon)...I've been looking for something to get. Public library's got it...oh.

Answer: what it is, don't be lifted up with pride if you have an experience with God; walk in greater humility because pride always comes before a fall. That's the whole purpose of that, we don't, I don't share anything unless God gives me clear instruction, okay, you can share that. Because often times it will be, look at me, I'm better than ya'all and that's foolish, I'm no different than anybody else. So we've got to walk in wisdom in whatever God gives us; that's the premise.

Answer: Quantum Physics is a science not a religion. So what he's saying is, he's fascinated with physics and that's become his passion, his religion, but, no. They're not out to prove the supernatural, what they're trying to do is prove through science the working of the universe. But God created the universe and you're going to have confirmation. The geanol part of quantum physics has seen that in every strand of human DNA is the Hebrew alphabet. I'm getting a DVD of it. That's cool, but where is that in the word? Well, we're created in the image of God, and John 1 says the word became flesh...so science in pursuit of the natural realm and the laws of physics are discovering the reality of the word of God whoa!
