Introduction

You are SO pregnant in this place with what is ahead of you. You're SO pregnant with the Son inside of you. But not just the Son of God, you are pregnant with the Son, the perfect man, the one who will come forth and walk: truly walk...as the Lord.

And what I want to say is this is truly a womb that will prepare you. You don't have to think that somehow you need to be someplace else or go here or go there. Now obviously there are times when God sends us different places and we receive in different places, you know, maybe a conference or whatever. But I'm telling you, this is a womb, this church, this is a womb. And you will be equipped here. We need to understand and not despise the small things. Always in the small things is the very image of something that is so far beyond your understanding....that you can't even comprehend it now. But it's in God.

Prophecy

It is time to seize the moment, for in this seizing of the moment, you will have a firm grip because as you seize the moment you will reach out your hand and you will take my hand and in that grip will be an amazing strength, in that grip you will find a hiding place of power. For the hiding place of My power is in My hand; and as you reach out and you grip My hand you will be in a place where I will pull you up by My Spirit. My hand will come upon you and you will apprehend that which I have apprehended you for. Because you will press into it, you will reach out for it, and you will long for it. because what your hand reaches out to grasp comes from the grasp of your heart. I am giving revelation in this hour, and as you grasp what I am saying to you, as you grasp what My heart is for you, you shall find that your hand will reach out to apprehend, to grasp that which I have apprehended you for.

In that there will be a lifting up, in that there will be a setting down, for truly I am calling you in this hour, even as the angels in Jacob's ladder ascended and descended upon the son of man, so this is an hour you find, you are ascending and descending upon the son of man, because He fills heaven and He fills earth; and you shall find that your limitations have come off. In the Spirit there are no limitations. I'm calling you to ascend and to descend; I'm calling you to be a people who will grasp what I am saying to you in this hour.

For revelation comes in mystery wrapped up in the darkness of mystery, but you have been given the privilege, you have been given the Spirit to discover and to grasp what it is that I am saying to you.

And in this hour as you grasp it, you will find that the territory is much too small; because you are reaching out and out and out and out. Yes! You are called, from this place will come a flow from nations to nations, at nations here. From this place, you see, for My grasp is even around this earth. My embrace has come.

So come into that embrace and you will begin to grasp what it is that I'm calling you to do. You will begin to move into it, and surely the hand of the Lord will have taken your hand and you shall MOVE into it, in GREAT strength, in great passion, and you shall be one who is in the grip of the Lord.

We receive Your word, Father, let it just come, Lord, let it just settle in upon these people, Father, let them just come, Lord. Thank You Father, thank You, Lord.

Vision

One of the visions I was seeing as we were in worship, I want to try to describe it. Sometimes it's hard to describe things as we see them.

I saw the Lord as the Lion of the Tribe of Judah, just SO powerful. His mouth was open and out of His mouth was coming this incredible roar - just the force of this roar, amazing!

I saw YOU...now I want you to imagine; okay, the Lion of the Tribe of Judah facing this way and He's ROARING, I mean just roaring. And I saw you as a people begin to take flight and MOVE into that roar.

It's like some of the pictures you see, the wind blowing, I mean it was a mighty force of wind. It took, it took...it wasn't like you were casually walking into the roar. You had to go in by flight, you had to kind of like slice through that force of wind of His roar. Normally that would have just blown you...clear over to Africa or something...it was that strong. The point is that you were moving INTO the ROAR of God.

It was something that created incredible force because you were moving INTO that force of breath, and that force of wind.

Teaching

What I was seeing is that the Lord was calling you to move INTO THE ROAR of the Lion of the Tribe of Judah. That velocity and that strength that you needed to move into that roar, because you didn't move in the wind and then just stay there...the hair blowing straight back, the wind...I mean just incredible wind...you didn't just move at a certain place and then just couldn't progress.

I saw you, it was like flint, I'm setting my face! Because you were determined to move into that roar moving all the way into His mouth! You were moving into the SOURCE of that roar; not just the effect of it.

I believe what God is calling you is a people, you're not just going to be satisfied with just the force and the power that is being demonstrated, but you're going to go straight INTO the MOUTH of the Lion of the Tribe of Judah. In that place, in that origin of the roar; that's the place where then, you become the roar.

You become the roar. Because He will RELEASE you, and when He releases you, you

will be the EMBODIMENT of what that roar means.

I'm seeing it, even right now and in that roar. I'm not even going to put a number, innumerable words in that roar...innumerable words! And those words are just dripping with blood. It's the word of the Lord for a people, the word of the Lord that brings...life. Life is in the blood - the life of God that is released to a people. He said, My words are life, they are spirit and life.

What I see happening is; as you're moving right straight into the very mouth of the Lion and down into His heart...and the connection between the mind and the heart; that's the source. And in that place, then, YOU, He makes you into the roar. That's when He releases you and you become a people who are covenant people, but you have a word SO POWERFUL that it WILL raise the dead. It will! It will!

But you've got to keep going to that source.

Just quickly...the prophetic word also that was spoken, I need to amplify on that for a minute. When I say amplify, as Jeph mentioned, I bring the prophetic word and then I like to talk about stewarding the word. So often we can hear a prophetic word and say yeah, okay...and two minutes later we can forget it and say what was it?

So part of the assignment He gives me is to steward that word. In other words what did He say to us? I begin to teach into it, and reiterate it.

Philippians 3:7 "but what things were gain to me, these I have counted loss for Christ, yet indeed I also count all things loss for the excellence of the knowledge of Christ Jesus, my Lord. For Whom I have suffered the loss of all things and count them as rubbish that I may gain Christ, and be found in Him."

Remember when I was talking about the Lion? Moving, moving into that roar, into the Lion...moving into understanding Who He is as the Lion of the Tribe of Judah.

See when we talk about moving into it, we're talking about you experiencing Him in that way, okay? He says that I might be found in Him, not having my own righteousness which is from the law but that which is through faith in Christ the righteousness from God by faith. That I may know Him and the power of His resurrection...boy I'll tell ya, in that roar IS the resurrection.

"And the fellowship of His sufferings, being conformed to His death if by any means I may attain to the resurrection of the dead."

Vs 12, "not that I have already attained or am already perfected, but I press on"...that was that picture of the Lion, I press on! When we're talking about being in that kind of force it would be easy just to say, I just can't...I can't move into this, it's too much. He says...I...press....on.

That IS a word for YOU TODAY! Press on, amen? Press on!

Press on does not mean just casually keep walking, press on is like Jesus, the posturing of Jesus when He was headed into Jerusalem, and like flint, He set His forehead to the purposes of the Father. That's pressing in.

Pressing in is such an intense word. This is the time intensity. Although understand that in the intensity of the Lord, there is also fullness of joy; because the joy of the Lord is our strength, and believe me, we need strength to press into that roar, amen?

So he says, but I press on that I may lay hold. Now remember in that prophetic word He was saying, Grasp! He was saying, take hold of My hand, reach out and grip, let Me grip your hand, you grip My hand.

In this he says, *"I press on that I may lay hold of that for which Christ Jesus has also laid hold of me."*

Let me just give a quick example; can you help me for a minute, brother?

Just stand there, I want you represent Jesus, just reach your hand out for a minute, okay...now I'm us. He has already laid hold of your destiny for you. He already has it in His hand. He already has done it on the cross, so it's all there. So what Paul is saying there, is that I press on so that I may lay hold of that for which Christ Jesus has also laid hold of me!

He's already got the destiny in His hand; He's already got all the gifting you need, EVERYTHING you need, is there; so we press in to lay hold of that which He has already laid hold of for us. And we're not just getting introduced to Jesus; it's a laying hold of that which is already possessed for you.

So we press on that you might lay hold of that for which Christ Jesus has also laid hold of me. He says, brethren I do not count myself to have apprehended; and I think we can all say that here that we're not yet where we want to be in terms of the walk in the destiny.

Verse 13 *"again, brethren I do not count myself to have apprehended, but one thing I do, forgetting those things which are behind and reaching forward to those things which are ahead"* Wow!!! Don't live in your past!

Thank God for your past, let the memorials be there, the stones, the things we need to remember that the Lord has done, our testimonies that are powerful before God and before the enemy; remember those things, but he says we're not to LIVE in that. Life is in the now, because he says forgetting those things which are behind and reaching forward to those things which are ahead; I press toward the goal for the prize of the upward call of God in Christ Jesus. Amen?

Do you remember that after Elijah prayed seven times he sent his servant, because he

heard the sound of the abundance of rain; his servant comes back, nothing, nothing, there are no clouds. It hasn't rained in three years. Elijah is up on Mt. Carmel, his head between his knees, postured in intercession. He's praying, praying, go back again, go back again, servant comes back, nothing, nothing. Seven times the servant comes back and finally he says there's a small cloud the size of a man's hand. Elijah says, that's it! that's it! Make sure Ahab gets down to Jezreel!

In other words, God's moving! The size of a man's hand, let me also just quickly refer to apostle, prophet, evangelist, pastor, and teacher...the five fold is what we've got; the equipping gifts that Jesus has given, we lay hold on the gifts that He has given.

And when we lay hold of that, we're laying hold of the hand of God! That is going to bring forth the equipping of the Body of Christ. So the Body of Christ can go forth as the RAIN! YOU ARE THE RAIN...that's going to be released. YOU ARE THE EARLY AND THE LATER RAIN - because it's in you.

You're going to rain upon those that are dry and thirsty.

So we're going to apprehend and take a hold of Him. I mean Elijah when he girded up his loins, and he took off. The hand of God came upon him and he outran the chariots of Ahab.

That, my people, my beloved ones; that IS the supernatural transport of God. And the supernatural thing on what you set your hand to.

So basically the Lord is saying, take My hand, take the grip, grip My hand. He's saying press on, press on, and He said because we're called to reach out to grasp, to take a hold of something that we can't grasp.

It was a double meaning in that prophetic meaning about grasp. He said take a hold...grasp...because revelation is coming in this hour that we must grasp. We must grasp and it will bring us to the place where we need to be because in His hand is everything He's apprehended already for you...so take His hand. And you'll be in the Lion's mouth and in His heart. You'll be redirected in the force of the roar of Zion. Amen?

I have to close here, this is just a comma here, and tonight we'll continue okay?
