

## **Root 52 – Idaho Recap Report Summary**

November 5-12, 2010

### **Prayer to establish a covenant root with God**

**Friday, November 5, 2010** – The prayer journey began in Lewiston, the 1<sup>st</sup> territorial capital of Idaho. We worshipped and prayed at the Healing Rooms. An intercessor released over our region and state new governmental authority. She had been on a prayer journey to Chicago and brought back an impartation from the Government Mountain.

Prayer continued at Spaulding where the 1<sup>st</sup> Bible was printed on the 1<sup>st</sup> printing press and many Native Americans heard the gospel for the 1<sup>st</sup> time. There was repentance by those of European descent for the treatment of the Native Americans in relation to broken promises, mistreatment of children, removal of cultural heritage and stealing of their land. The Apology to Native Peoples of the United States which was signed into law on 12/15/2009 was read by Pastor Jeph Chavez. Seven torches representing the seven mountains of influence over our state were lit. Declarations were made that kingdom minded people will rise to the top and fill each mountain in our state. We declared, let the light continue; “Let it be perpetual.” (Idaho state motto)

The First Nation people hosted a luncheon at Lapwai for those on the prayer journey. Over 30 individuals participated in the prayer service.

#### **Conference Call:**

**Mike Jacobs** Idaho is a first fruits state and the entire nation is waiting to see fruits manifest in your state.

**Cheryl Newberry** Idaho’s preamble –

God is turning the key. The things that have been locked up are coming forth – both the treasures hidden in the land and the people who are the hidden treasures reserved for such a time as this. Prosperity is coming to our state not for greed but to advance the kingdom of God. Our churches will operate out of the Spirit – not from a religious spirit. We are excited over what God is doing in our state. We repented at Spaulding for past injuries against the First Nations people and they forgave us.

**Pastor Antonio Smith** Idaho is shaped like a “key” to unlock that which has been locked up. It is also shaped like a “throne” and we say let God be enthroned upon our state. Lapwai is a historical city with governmental authority and the spiritual capital of Idaho. Many team members are present that have worked together for 5 years to bring reconciliation and healing between the First Nations and the emigrant Europeans. There is new governmental authority released from reconciliation and healing. The First Nations people welcome you.

**Cindy Jacobs** The Lord says, *“The people of Idaho are the treasures and I am coming to the treasure state to release a revival, says the Lord that is going to sweep the reservation because I am going to visit first people first. The joy of the Lord will manifest and many miracles will break out. And you will see even in the state government that they will begin to feel a need to have a resolution of apology to the First Nation people. I’m rising up My champions who will bring this to the forefront and the land will have peace because of this.*

*To show you that you are My treasure you will read in the newspaper that they have many new minerals discovered, for the land shall start to give forth its fruit.*

*Look to the little smaller cities of Idaho, the rural areas, for I am going to awakened them, says the Lord. A great awakening is coming. The fire is going to fall on the little churches and these churches will become ablaze with My glory. I am going to visit these out of the way places and they will blaze with My glory. There will be great angelic activity over Idaho and visitation of many angels. They are coming, they are poised, they are ready, and they are at attention for the Word of the Lord.”*

A huge angel is standing over your capital and Idaho is a “key” to the healing of the nation. God is going to release an “awakening spirit” over Idaho.

**Mike Jacobs** – There’s a strong prophetic gifting in the state of Idaho probably due to the spirituality of the Native Americans, but there is a lack of the apostolic and the 5-fold ministry working together. If the gift of revelation is operating but doesn’t have the apostolic, then you don’t have people that will implement the vision. The apostolic and prophetic lay the foundation – not to lord it over anyone – but the foundation must be laid for the rest to be built upon. There is warfare over the immergence of the apostolic with the other giftings.

You might want to do some spiritual mappings to see if you find patterns immerge – if you look at the history of Idaho, you will find there has been warfare between the miners and the owners of the mines, between north and south Idaho, etc. This is keeping the state of Idaho from reaching the full measure of what God has for your state. The warfare is keeping the state from being “one people,” “one new man.” Your state is moving towards tourism, which means you have to be a host people – that is an incredible gifting that will be given.

Retrace the trails that came into to your state that tried to capture the state from God’s purposes. What has locked this state up from being a first fruit state? The silver and gold that has come forth from the state is only a measure of what God wants to come forth. Worship will be the “key” to bring forth the riches that are still hidden in this state.

A spirit of conflict is in Idaho State. It is in your land. This spirit got loosed and it divides and separates when God’s desire is for you to be “one new man.” God’s desire is for you

to be a host people and the enemy is warring against it. Those that live in the state have the authority to dismiss it. You cannot permit it and must dismiss it. You are the ones that have the authority over this spirit and must dismiss it.

**Mayor Rick Hernandez** – Lapwai is the spiritual capital of Idaho. The transgressions of what happened at Spaulding have been healed. There has been an adversarial spirit that has wrecked havoc in the government, schools and homes. Today, I bring down that curse. I declare in the heavenlies that the adversarial spirit be sent to the courts of heaven to be judged. It has no place in our government. It has no place in our communities. It has no place in our homes. It has no place in our families. I declare that today we are set free. Lapwai will be a reflection of God’s glory and will be example to other cities you can start small.

**Mike Jacobs** You have swept the house clean and now you must model the opposite spirit so that the spirit doesn’t have a legal right to come back. You must enforce the stewardship you have been given. Let me say, this spirit was there before the Nez Perce came upon the land.

**Results of Friday’s prayer** – **Sunday, November 7**, Lewiston Morning Tribune’s front page headline reads – “Lapwai bids fond farewell to old school”

**Prophetic picture** - Lapwai bids farewell to the poverty and lack that has been over their town.

Article in Sunday’s Tribune – A couple found silver bars buried in their yard worth \$47,000. They tracked down the previous owners of the home and found them living in Utah and split the \$47,000 with the previous owners.

**Prophetic picture** – the land is yielding the hidden treasures of precious gems. Also a prophetic sign of covenant between the present owners of the land and previous owners (First Nations). *(There is a prosperity principle in this First Fruit release that causes the*

*land to prosper. It causes what has been hidden to be brought out into the open...That's how covenant worked throughout the word of God. And that covenant works right here in Idaho because of you. It means that God can call forth the riches of this land...there has been fortunes that are being held for now... there's a restorative anointing that needs to come across this state to unlock these fortunes. Chuck Pierce 2004, 50 State Tour)*

**Prayer continued Sunday November 7, 2010** with a group of intercessors praying along Route 52, 95, I84, Eagle Road and to the State Capitol. Called for the Cyrus' to arise along with the Daniels, Josephs and Deborahs to act as their counselors. *(And I say, watch the Cyrus' that will rise up in this hour even in the Mormon church for though they will not know My Spirit, they will know My way and you will hear wisdom coming forth through them. Chuck Pierce 2004, 50 State Tour)*

**Monday November 8, 2010** The torch was relit and declared that the fire of God will continue to burn brightly in Idaho. Our declarations will be more powerful because we believe a covenant root has been established in Idaho.

In Monday's Lewiston Morning Tribune, there was a picture of the Nez Perce National Historical park at Spaulding, the place of our repentance of the treatment of the First Nations people.

**Prophetic picture** – The atrocities against the Nez Perce people is being revealed. Healing will follow repentance and reconciliation.

**Tuesday November 9, 2010** – Much of the United States forget about Idaho because we are small in their eyes and seemingly insignificant, but God doesn't see us that way. We are His gem and He has kept us hidden for such a time as this. Lord, use Idaho to be a light to the Nation.

**Wednesday November 10, 2010** – The spirit of conflict has been dismissed out of Idaho and we call forth the seven-fold spirit of Christ to fill Idaho. Isaiah 11:1-5

**Thursday November 11, 2010** – Asked God to invade Treasure Valley. Declared the meaning of the name "Idaho," "the light comes down the mountain" over our state. May the light of Christ flow down every mountain and into every valley throughout Idaho. Prayer along Route 52 and saw a large cross near the power lines, and declared righteousness shall arise over the media airwaves.

**Southeastern Idaho prayer** – Declared unity throughout the state and healing streams as in Ezekiel 47.

**Friday November 12, 2010** – Prophetic word, *"I have driven a covenant root throughout the state of Idaho. Speak again the prophetic words for Idaho but this time from a covenant position."*

**Prayer Rally at Grangeville** – A gathering of several denominations. Reviewed the reason for coming together (2 Chron. 7:14). Worshiped and prayed over the seven mountains. The night before the rally, the Lord gave me a dream. I saw a glass butter dish dangling off the edge of the top of my dryer. It fell and immediately I heard, “Tipping point,” What I believe the Lord was saying was that Idaho was going to experience a “tipping point” because of God’s people in Idaho joining together in prayer and fasting for their state.

**Prophetic Word for the state of Idaho 7-10-08** (Len Watson) While camping at Pete’s Creek above Burgdorf, Idaho I drove to the top of Carey Dome to intercede for restoration and reconciliation to come to the Church... As I was praying the wind started rushing in from the east causing a high pitched noise as it passed through the branches of a lone pine tree. The Lord told me to walk around the tree and tell Him what I saw. At first I didn’t notice anything unusual...two more times I heard the Lord say to walk around the tree. Then I noticed that among the many branches were three distinct large branches of equal size, form and shape protruding from the main trunk and upward like a cactus tree. Okay, 3 branches, large, strong and dominate. It was evident this tree was out of proportion in comparison to other pine trees. Then it was clear – *these were the pastor, teacher and evangelist*. Immediately my eyes were drawn to the top of the tree where there were burnt branches. The two tallest branches were of equal size and height. Then I heard these were the *apostolic and prophet* that had been removed from the church while the 3-fold remained excessively strong and healthy. I heard the Holy Spirit say that He was going to reestablish the ascension gifts to the church. I heard the Spirit say, *I will bring an Apostle from the West and a Prophet from the North for this work*. Going back to the two burnt branches atop the tree. Wood will quickly ignite again if it’s been on fire before. Yes, Holy Spirit, reunite and ignite with fire the 5-fold once again. (Eph. 4:11-16)
